FOR IMMEDIATE RELEASE

Cornerstone Holdings Corp announces the launch of Waste Management Unlimited International.

Ontario, Canada - Cornerstone Holdings Corp today announces the launch of its newest company Waste Management Unlimited International with a goal to deal with Waste Management in a high quality and efficient way.

Waste Management Unlimited International will utilise the existing networks of Cornerstone Holdings Corp and its subsidiaries to offer a full package solution to governments and private enterprises around the world. It will offer the following services to its clients:

- Medical Waste Disposal
- Hazardous Waste Removal
- Commercial Waste Management
- Government Solutions; and
- Custom Waste Management

Edward Sawiris Banayoti, CEO of Cornerstone Holdings Corp, said the Waste Management Unlimited International will provide current clients with the capacity to approach the company with their waste management requirements and have a solution tailored towards their needs.

He also said this was a logical step given the current COVID-19 pandemic. "Right now across the world there is a lot of medical waste that needs to be disposed of effectively. Waste Management Unlimited International will be able to assist hospitals and health care providers with this solution".

Waste Management Unlimited International can be contacted on the details below:

- mailbox@wastemanagementunlimited.com
